

Appolia – After Sales

CERAMIC BAKEWARE

Performance and Use:

- Suitable for baking up to 250° C (482° F), microwave, dishwasher and freezer down to -20° C (-4° F).
- These products are not intended to come into contact with a direct flame (gas burner, electric hob or BBQ) or on induction.
- Peugeot ceramics can pass directly from the freezer to a preheated oven, without risk of a thermal shock
- Never leave a dish in the oven when the pyrolysis function is on.
- Do not immerse a baking dish in cold water.
- To deglaze a dish, do not use cold liquid below 20° C (68° F) (temperature shock)
- To remove stubborn residue, pour hot water with a degreaser into the dish, soak for a few minutes and then wash with a sponge.

Peugeot Warranty:

- **Warranty claims:** support-usa@peugeot-saveurs.com
- **Proof of purchase:** the proof of purchase is mandatory (purchase receipt or stamped leaflet for mills)
- **Appolia bakeware:** 10 years from date of purchase
- **Terms and conditions of use of the warranty:**
 - The warranty does not cover normal wear or misuse of the product, mechanical or thermal shocks (fall or shock).
 - The artisanal production of the dishes may present some irregularities in appearance and colors.
 - The warranty covers:
 - The crack after a passage in the oven within the limit of 250° C (482° F)
 - Major appearance defects: Hole > 2mm, black dots in quantity, or logo defect
